

RECORD OF THE SUBSTANCE OF THE INTERVIEW

Applicants' appointed representatives, attorney Randy L. Canis and employee of assignee Christopher E. Chupp, met with the Examiner Saltarelli and Primary Examiner Tran on Monday, April 25, 2005 for approximately fifty minutes.

Applicants' representatives, Examiner Saltarelli and Primary Examiner Tran discussed the independent claims of the previously submitted Amendment E in view of the art previously cited by the Examiner and demonstrated two hand-held devices that are claimed in the patent application. Examiner Saltarelli and Primary Examiner Tran indicated that Amendment E would not place all of the pending claims of the application in a condition for allowance and that a Request for Continued Examination ("RCE") would need to be submitted so that Amendment E could be considered. Finally, Primary Examiner Tran indicated that a number of the independent claims of the application may need to be further amended to be allowable.

This record is believed to comply with MPEP §713.04 and 37 CFR §1.133. Applicants encourage the Examiner to contact the undersigned attorney if this record needs to be modified or further supplemented.

REMARKS

Continued examination is respectfully requested in view of the amendments and the following remarks.

Disposition of Claims

The claims currently pending in the application are claims 76-87, 98, 99, 104, 108, 110, 114, 115, 118 and 129-165. New claims 151-165 have been added pursuant to the present amendment.

Conclusion

Based on the foregoing, the allowance of claims 76-87, 98, 99, 104, 108, 110, 114, 115, 118, 129-163 is earnestly solicited. Applicants aver that no new matter is being introduced by virtue of the amendment to the claims and that proper antecedent basis is provided in the specification for these claims. Should the Examiner have any questions, comments or suggestions which would place the application in a condition for allowance, he is respectfully requested to call the undersigned attorney.

Respectfully submitted,
